

First Effort To Fire Giant Rocket Ends In Big Fizzle

COCOA, Fla., July 20—Military and civilian guided missile experts undertake the hazardous job today of finding out why a "misfire" prevented the first U. S. test of a long-range rocket on a horizontal path.

Efforts to conduct the test collapsed yesterday when, after overcoming a long series of obstacles, technicians ignited the five-story-high rocket only to have it fizzle out.

The diagnosis: Failure to open the main valve which

feeds the rocket's liquid oxygen-alcohol fuel.

Since the huge missile failed to develop enough push to leave its platform before the flame went out, no one was hurt and no damage was done.

The test was designed primarily to collect scientific data for the guided missile program. It was also to be the first "shoot" at the new Banana River long-distance proving ground.

Experts working on the project had said it might aid the

drive for an intercontinental rocket and even might contribute to development of the "satellite type rocket" which would escape the earth's pull and remain in outer space.

Efforts to get the 14-ton missile on its way were hampered by multiple defects. They occurred in the complex system of communications used in preparing for flight and in the safety system by which the rocket itself would explode should it get out of control. The new test was to be the first use of this combination on a horizontal path.

After the failure, Col. Harold R. Turner, Army missiles expert, told newsmen that the "bird" would be torn apart for tests and that a new effort to fire it might be made Monday.

Here is how the "shoot" should work:

Starting from the scrub pine flats of Cape Canaveral, 15 miles from this base, the rocket combination will soar out over the Atlantic Ocean when the firing switch is thrown.

The 45-foot V-2 will carry the "Wac" rocket until it reaches its maximum velocity. Then the 15-foot Wac will cut loose on its own.

It may reach a speed of 5,000 miles an hour or it may move considerably slower than that, it may exceed the 250-mile record set by the same pair in a vertical flight or it may fall short. It may break up from air friction and heat.

Loading of the touchy fuels

—liquid oxygen and alcohol for the V-2 and red fuming nitric acid and analine for the "Wac"—is put off until the last minute.

All ships and planes will be advised to get out of the path of the projectile and two destroyers bearing tracking instruments will be alerted.

Also following the missile will be radar trackers located at the firing site. Should they lose contact, the missile is set to blow itself up.

... A substantial increase in taxes aimed at the "elimination of profiteering."

In addition to the \$10 billion in cash, the chief executive seeks \$2 billion in loan authorizations for the military.

Sen. George, D.-Calif., chairman of the Senate Finance Committee, said he understands the administration will request another \$5 billion for the arms aid program.

This makes a grand total of \$17 billion more to meet the Communist onslaught.

Mr. Truman asserted in a broadcast-telecast to the nation Wednesday night that the added taxes will serve as a "safeguard against inflation... help finance our defense needs" and halt profiteering."

THE PRESIDENT emphasized that "nothing less than our own national security and the peace of the world" is at stake in Korea.

Mr. Truman lambasted would-be profiteers and hoarders and asked Congress for power to ration vital materials, curb consumer credit, prevent hoarding and limit non-military use of strategic goods.

Mr. Truman branded the Red attack on South Korea "an act of raw aggression" and verged on saying outright that the invasion is supported by Russia.

Chairman Doughton, D.N.C., of the tax-writing House Ways and Means Committee, said his group is ready to act whenever the President makes his tax recommendations.

In general, congressional reaction was favorable to Mr. Truman's requests.

Dear Hoarder: The Enemy Likes Your Methods

WASHINGTON, July 20—in a speech to the nation last night, President Truman said:

"Every businessman who is trying to profit in time of national danger, every person who is selfishly trying to get more than his neighbor, is doing just exactly the thing any enemy of this country would want him to do."

The President said he is ready to order price control and rationing "if prices should rise unduly because of excessive buying and speculation."

Concerning scare buying, he said "we have to fear only those shortages which we ourselves artificially create."

"If prices should rise unduly because of excessive buying or speculation, I know our people will want the government to take action, and I will not hesitate to recommend rationing and price control."

U.S. Division Driven Back By Commies

(Continued from Page One) new "super-bazooka" rocket weapon for the first time, were credited with knocking out at least 11 Soviet-built North Korean tanks within 24 hours in and around Taejon.

The Eighth Army headquarters spokesman also said that Communist forces, driving down South Korea's western coastal corridor to a point 158 miles below the 38th Parallel border, were reported to have occupied Chonju, an eight-ply rail and highway hub.

Chonju, a city about as large as Taejon, lies 40 road miles south-southwest of the latter center and only 62 miles north-northwest of Sunchon on the southern tip of the Korean peninsula.

Rosecrans said Taejon "fell after dark Thursday following an all-day battle with Red tanks that operated in close fighting." The correspondent said "vicious" street combats raged throughout the day until the 24th Division's commanding general gave the order at nightfall to withdraw from Taejon.

The general, said Rosecrans, personally led his intrepid division in its last battle at Taejon and was "in the thick of the fighting" along with at least two of his regimental colonels. The fate of one of the colonels was not known after he came under the cross fire of two enemy tanks.

(EDITOR'S NOTE: — Rosecrans' dispatch did not state the name of the 24th Division's commander. He is Maj. Gen. William F. Dean.)

Because of adverse weather, American planes were unable to give much help to Taejon's hard-pressed defenders until late in the day when the weather improved. Then, U. S. jet fighters appeared over Taejon in considerable numbers, rocket-bombing and strafing the attacking Reds close to the American ground positions.

The fall of Taejon ended a stubborn five-day stand by the gallant 24th division along the city's northern and western fringes in the heaviest battle of the Korean war to date.

Rosecrans said "the city was left burning as the Americans had to fight their way from its bloody streets after the 24th Division was ordered to retreat."

World To Read Of Route 23

"A Mile of Death," a story published in the January Reader's Digest about Pickaway County traffic fatalities, has become internationally recognized.

The story of the "mile of death," Pickaway County's former most hazardous stretch of road about four miles south of Circleville on Route 23, was reported by Curtis Dumm, one-time operator of a filling station at Gold Cliff Park.

Dumm recently was commended for the article by the magazine, which plans to reprint the story in 12 of its international editions.

Road-Treating Job Started

Surface treating of 1.27 miles of Pickaway County Road 32 near Ashville has been started, according to County Engineer Henry T. McCrady.

Contract for the work was let to George Van Camp on his bid of \$30,843.10.

Prices Taper Off Here In Livestock Sale

Prices dropped while volume climbed Wednesday in Pickaway County Livestock sales, a reverse of last week's report.

The association's report showed that price decreases were mostly in hog grades, ranging from \$1 to \$1.75.

Volume, however, climbed from last week's 199 to 730 market following a fall in which she broke her hip.

Cattle receipts climbed from last week's 199 to 135 sold week. Hog receipts picked up 150 head in Wednesday's auction with 450 sold compared with 300 last week.

Cattle receipts were up from last week's sale of 47 to Wednesday's 81. Sheep and lamb sales this week were marked "light."

CATTLE RECEIPTS — 199 — Good steers and heifers, good 30; steers and heifers, medium to good 16-28; cows, common to medium 16-28; cows, common to good 18-22; cows, canners to common 13-18; cow head 165; bull 15-25.

HOG RECEIPTS — 450 — Good 200-240 lbs. 23-75; light 140-160 lbs. 22-75; medium 16-20; heavyweights, 240-260 lbs. 23; 260-280 lbs. 22-25; 280-300 lbs. 21-25; 300-350 lbs. 20-75; 350-400 lbs. 20; pigs, 100-140 lbs. 16-75-22.50; packing houses, 200-250 lbs. 15-30-19; stags 13-14; boars 8-11-50.

CALF RECEIPTS — 81 head—Good to choice 30-33; medium to good 28-30; culle to medium 23-28; head 11-29.

SHEEP AND LAMB RECEIPTS — 11—Lamb fair to good 23-26-75; ewes, fair to good 8-30-8.

Fighters Chalk Up 72 Red Ships

(Continued from Page One) meanwhile raked warehouses where Reds were hiding.

Most of the enemy planes were bombed and blasted on the ground. Of the total, the Navy listed its bag as 47.

American and British aircraft carriers moved in close to the North Korean east coast and the jets hopped off in relays from those floating bases to strike railroads, freight cars, power stations and other supply reservoirs of the Communist invader.

Mainly About People

ONE MINUTE PULPIT

It is a wise man who listens to good advice. A still wiser and more rare person who follows wise advice. Speak not in the ears of a fool; for he will despise the wisdom of thy words. —Prov. 23:9.

Mrs. Ida Steel of Laurelvile is a patient in the Logan hospital following a fall in which she broke her hip.

Mrs. Robert Knece and son of 207 East Main street were released from Berger hospital Thursday.

Mrs. Melvin Speakman, surgical patient, was dismissed from Berger hospital Thursday to return to her home on Laurelvile Route 1.

Richard Francis of 347 East Main street was dismissed from Berger hospital Thursday following a tonsillectomy.

C. G. Chalfin will conduct a sale of household goods at 201 Logan St. Saturday, July 22 starting at 1 p. m. Complete household furniture of Mr. and Mrs. Thomas Sandy. —ad.

Mrs. Robert Anderson and daughter of 119 South Washington street were discharged from Berger hospital Wednesday.

Edward Heath of Circleville Route 1 was released Thursday from Berger hospital where he had been a surgical patient.

Mrs. Bryce Briggs of 124 North Scioto street was admitted to Berger hospital for surgery Wednesday.

Mrs. Samuel Dearth of Circleville Route 1 is a surgical patient in Berger hospital where she was admitted Thursday.

New service address of Pfc. Herbert S. Poling is: Co. A, 6th Med. Tank Bn., APO 660 care of Postmaster, San Francisco, Calif.

SWEET CORN AT MAVIS' SOHIO SERVICE, East Main and Mound Streets.

Marriage rites were performed Thursday by Magistrate Oscar Root for Ralph Carpenter and Mrs. Myrtle Allen, both of Columbus.

Report of a public sale of personal property of the Belle T. Gearhart estate has been filed in Pickaway County probate court. The sale brought \$541.35.

PICKAWAY COUNTY ROAD WORKERS were called out Wednesday night to remove a tree blown down across the Williamsport-Chillicothe road, about 1½ miles south of Williamsport, according to County Engineer Henry T. McCrady.

Circleville police Thursday

were searching for two bicycles which have been stolen here within the last few days.

June Wilkerson of 319 East Main street reported that someone stole her blue girl's bike from in front of her home last weekend, while Nelson Kelley of 347 East Corwin street reported that his bicycle was stolen from near the Snack Shack on South Court street Tuesday.

THE DAILY HERALD—CIRCLEVILLE, OHIO

Young Dog Aide Showing He Guesses Close

Charles Montgomery, the 12-year-old Circleville lad, who is gaining a reputation as a "dog's best friend," also has proved himself to be something of a seer in things canine.

Young Montgomery, who lives at 108 Seyfert avenue, last week predicted that his pedigree boxer, Dark Flash of Seyfert, would have a litter of pups on July 19 and that the litter would be primarily brindle in color.

There were some who thought Mr. Truman's demands did not go far enough.

Sen. O'Mahoney, (D) Wyo., called for excise profits taxes immediately, not only to raise revenue, but to skim off excessive buying power and minimize the possible need for consumer rationing and price controls.

Sen. Johnson, (D) Texas, also said that the request did not go far enough.

Services were to have been held Thursday afternoon in Chillicothe.

THE EMPHASIS in the message was on the Korean war, but the Senate is looking beyond that and is preparing the country for a possible global show-down with Russia.

Senate Banking Committee Chairman Maybank, (D) S. C., said that "we're going to look at the whole world picture."

Chuckie, son of Dr. and Mrs. E. L. Montgomery, says profits from his new batch of boxers will be tucked away in a bank account, there to await the day when the lad will enter—yes, a school for veterinary medicine.

UNIVERSITY OF THE PHILIPPINES

Retail Business Shows Gain In Tax Stamp Tally

Pickaway County business during the first week in July showed a \$619.17 improvement over the same period last year, according to a report of sales tax stamps sold here.

State Treasurer Don Ebright reported that for the week ending July 8 the sale of sales tax stamps was \$5,342.28, compared to \$4,723.11 for the corresponding week last year.

Sales by industry classifica-

tion throughout the state, however, showed a general decrease from marks set last year. Only automotive, furniture and building sales showed an increase over the 1949 figures.

Sales of prepaid tax receipts for automotive retailing was listed at \$715,915.61, compared with \$625,385.45 for last year. Furniture sales showed an increase of \$19.17, from last year's \$128,046.19 to \$128,065.36.

Building sales jumped from last year's \$170,660.17 to the \$212,670.46 reported for the week ending July 8.

Happy Is The Day
When Backache
Goes Away

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of frequent urination, loss of pep and energy, headaches and dizziness. Nighttime up nights or frequent passages may result from minor bladder irritations due to cold, dampness or kidney infections.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for years. While these symptoms may often otherwise indicate illness, it is many times Doan's give happy relief—how the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Relief To Get Surplus Food

COLUMBUS, July 20 — The

Federal Office of Commodity Distribution is expected today to supply free potatoes, butter, cheese, powdered milk and eggs to Franklin County relief clients. The county commissioners re-

quested the surplus foods yesterday from County Welfare Director Robert P. Stith and C. M. Graves, OCD state supervisor.

Graves said the foods could be handed over to the county at low cost, for free distribution, to take the place of lowered monetary food allowances.

Some of the prices to be charged by the county are: Potatoes, \$1.50 per hundred pounds; butter,

four cents a pound; powdered eggs, 58 cents per case of 144 packages, each package equal to five eggs; powdered milk, virtually nothing; cheddar cheese wheels, 64-70 pounds, \$1.25 each.

Carriers Elect
SANDUSKY, July 20—William R. Ivins of Sandusky is the new president of the Ohio Rural Letter Carriers' Association. He was elected yesterday in final sessions at Cedar Point.

Jap Farm Aid Program Is Outlined

Visiting Officials Tell Of Procedure

COLUMBUS, July 20 — Nine thousand men, peddling about Japan on green government bicycles, are helping one-half the Japanese population feed the other half, two Japanese officials said here today.

Organized two years ago the extension service of the Japanese Ministry of Agriculture and Forestry already has 9,000 county agents, known as farm advisers, who are encouraging and assisting Japan's 6,000,000 farm families to improve farming practices and increase production.

Here in Ohio to study the informational and educational activities of Agricultural Extension Service of Ohio State University, as well as similar work by other organizations and agencies, the Japanese pair said "great progress" was being made by their extension service.

These men visiting Ohio are Yoshio Fujimaki, chief of information for the Ministry of Agriculture and Forestry, and Masuo Ukawa, chief of economics in the same ministry.

They reported that since the agricultural reform, the largest farm in Japan is about eight acres, with the average farm being 1.8 acres.

JAPANESE FARMERS practice the most intensive agriculture, raising at least two crops each year on the same piece of ground. One of these crops is usually rice, while the other may be wheat, corn or potatoes. Soybeans are raised along the field borders.

Livestock raised by the average Japanese farmer will include one cow, one pig and about 20 hens.

Population of Japan today is 80 million, they reported, with approximately half living on farms. Among the major farm problems, they listed lack of farm credit and low prices for agricultural produce.

Some 442,000 jobs in the federal government, about 25 percent of the total, are held by women.

Greater Need For West Land Being Outlined

WASHINGTON, July 20 — Michael W. Straus, U. S. Reclamation commissioner, says that the great arid regions of the west will have to be converted to farms to feed the rapid-growing U. S. population.

Straus points out that in 20 years, the U. S. will have about 20 million more mouths to feed.

He explains future prospects thus:

"Even allowing for further advances in food production through more scientific agriculture, we will need many more millions of acres of farm land."

"We will find many of them in the west, whose arid and semi-arid reaches comprise a great reservoir of unused land resources. We will need them just as fast as we can build the reclamation projects to irrigate the thirsty acres."

Curtis Workers Favor Walkout

COLUMBUS, July 20 — The 1200 workers at Curtis-Wright aircraft plant in Columbus are "98 percent" in favor of a strike today.

The members of the UAW-CIO Local 927 voted last night in favor of the strike to press for wage increases and benefits similar to a GM-Ford-Chrysler package pattern.

Willard Dobbs, chairman of the union negotiating committee, said the next step will be to apply to the international union for permission to walkout. If the permission is granted, the plant will be given 10 days notice.

Favors Mixed; Man Is Jailed

CHICAGO, July 20 — Stacey Sherman got his favors and his flavors mixed when he visited a Chicago police station—and wound up behind bars because the desk sergeant was no dope.

Sherman, 31, appeared at the station yesterday with an ice cream cone he brought as a favor to "a very dear friend" in the lockup.

"Just plain vanilla," he told Sgt. Joseph Herndon.

The officer stabbed the cone with a pencil, found two grains of heroin wrapped in tin foil, and locked Sherman up with three men who were caught earlier with 37 heroin capsules.

City Schools Hit New High

COLUMBUS, July 20 — Columbus schools will operate under a record-breaking \$10,111,151 budget for the 1950-51 school year.

The Columbus school board approved the budget yesterday. It calls for an increase of \$768,400 over last year. The largest increase is in the fund for teachers' salaries. Higher operating costs also account for some of the boost.

The members of the UAW-CIO Local 927 voted last night in favor of the strike to press for wage increases and benefits similar to a GM-Ford-Chrysler package pattern.

Willard Dobbs, chairman of the union negotiating committee, said the next step will be to apply to the international union for permission to walkout. If the permission is granted, the plant will be given 10 days notice.

Pennsy Railroad Plans Crossing Repairs Here

Circleville city council has been told railroad crossing repairs in the city will be started by the Pennsylvania Railroad within three weeks.

The information was passed on to the legislators by Clerk of Council Fred Nicholas, who said a representative of the railroad had called at his office to tell him about it and to ask him to relay it to council.

"It's good news, if it means

anything," commented Councilman Ray Anderson.

Nicholas read a report from the state utilities commission concerning an inspection recently conducted of the Pennsylvania Railroad crossing on Pickaway street.

The report recommended installation of red reflector signs and lights at the crossing, and that the railroad post a watchman to flag traffic when cars are being shifted on the five tracks making up the crossing.

Visibility at the crossing was reported low. Council accepted the communication and ordered it placed on file.

Baptists Ready For Conference

CLEVELAND, July 20 — Hundreds of visiting Baptists—the advance guard of the 20,000 scheduled to attend the Baptist World Congress—are being placed in Cleveland homes daily.

Hotel, tourist camps and motels within a 25-mile radius of

the congress, the first held in

the United States since 1939, opens Saturday. It is sponsored by the Baptist World Alliance, a federation embracing 18 million Baptists throughout the world.

Greater Need For West Land Being Outlined

WASHINGTON, July 20 — Michael W. Straus, U. S. Reclamation commissioner, says that the great arid regions of the west will have to be converted to farms to feed the rapidly-growing U. S. population.

Straus points out that in 20 years, the U. S. will have about 20 million more mouths to feed.

He explains future prospects this way:

"Even allowing for further advances in food production through more scientific agriculture, we will need many more millions of acres of farm land."

"We will find many of them in the west, whose arid and semiarid reaches comprise a great reservoir of unused land resources. We will need them just as fast as we can build the reclamation projects to irrigate the thirsty acres."

Curtis Workers Favor Walkout

COLUMBUS, July 20 — The 1200 workers at Curtis-Wright aircraft plant in Columbus are 98 percent in favor of a strike today.

The members of the UAW-CIO Local 927 voted last night in favor of the strike to press for wage increases and benefits similar to a "GM-Ford-Chrysler package pattern."

Willard Dobbs, chairman of the union negotiating committee, said the next step will be to apply to the international union for permission to walkout. If the permission is granted, the plant will be given 10 days notice

Favors Mixed; Man Is Jailed

CHICAGO, July 20 — Stacey Sherman got his favors and his flavors mixed when he visited a Chicago police station—and wound up behind bars because the desk sergeant was no dove.

Sherman, 31, appeared at the station yesterday with an ice cream cone he brought as a favor to "a very dear friend" in the lockup.

"Just plain vanilla," he told Sgt. Joseph Herndon.

The officer stabbed the cone with a pencil, found two grains of heroin wrapped in tinfoil, and locked Sherman up with three men who were caught earlier with 37 heroin capsules.

City Schools Hit New High

COLUMBUS, July 20—Columbus schools will operate under a record-breaking \$1,111,151 budget for the 1950-51 school year.

The Columbus school board approved the budget yesterday. It calls for an increase of \$768,400 over last year. The largest increase is in the fund for teachers' salaries. Higher operating costs also account for some of the boost.

Pennsy Railroad Plans Crossing Repairs Here

Circleville city council has been told railroad crossing repairs in the city will be started by the Pennsylvania Railroad within three weeks.

The report recommended installation of red reflector signs and lights at the crossing, and that the railroad post a watchman to flag traffic when cars are being shifted on the five tracks making up the crossing.

Visibility at the crossing was reported low. Council accepted the recommendation and ordered it placed on file.

anything," commented Councilman Ray Anderson.

Nicholas read a report from the state utilities commission concerning an inspection recently conducted of the Pennsylvania Railroad crossing on Pickaway street.

The report recommended installation of red reflector signs and lights at the crossing, and that the railroad post a watchman to flag traffic when cars are being shifted on the five tracks making up the crossing.

Visibility at the crossing was reported low. Council accepted the communication and ordered it placed on file.

Baptists Ready For Conference

CLEVELAND, July 20 — Hundreds of visiting Baptists—the advance guard of the 20,000 scheduled to attend the Baptist World Congress—are being placed in Cleveland homes daily.

Hotels, tourist camps and motels within a 25-mile radius of

the congress, the first held in

the United States since 1939, opens Saturday. It is sponsored by the Baptist World Alliance, a federation embracing 18 million Baptists throughout the world.

NOTABLE CIGAR MAKER

THE most famous cigar maker in history was undoubtedly Samuel Gompers, president of the American Federation of Labor from its formation in 1886 till his death in 1924, with the exception of one year. His career has just been treated in a new novel, "The Giant Walks," by the veteran novelist and biographer of George Washington, Ruper Hughes.

When Gompers was a boy and a young man, labor unions were feeble and transitory organizations. It was largely on this account that Gompers insisted that the struggling new movement should stick to pleas for more wages and shorter hours and eschew politics. Not till the first decade of this century did he urge labor to support its friends and defeat its enemies. In 1906 the threat of defeat by the unions caused Congressman Charles E. Littlefield of Maine, a leader in the House of Representatives, to withdraw from a race for reelection. In 1908 Gompers and other AFL leaders supported Bryan, but failed to elect him over William H. Taft. Ever since then the AFL, with the single exception of its support of Senator Robert M. La Follette of Wisconsin in 1924, has avoided taking a stand as an organization behind any candidate or party. What its officers may do on their own account is something else.

Gompers has been dead a little over a quarter of a century, but the AFL still operates on the lines which he laid down. Few labor leaders in any country have been continuously influential.

TOO MUCH SUGAR

A REPORT from Puerto Rico says that the Sugar Producers Association there is worried about an expected surplus of about 134,000 tons of sugar from the 1950 crop. This may seem strange to American housewives who have found their grocers shelves bare of sugar at times since the start of the Korean incident. Authorities assure us, however, that those bare shelves are merely the result of a sudden upsurge in sugar buying, which takes sugar out of the stores faster than supply lines are geared to move it in. There is plenty of sugar, they say; it's just a matter of getting it from storage points to the store.

So Puerto Rico still faces the prospect of a sugar surplus, and this is an old story for sugar producers. The housewife still can find a strange point, however: Hasn't anyone ever thought of reducing the price a penny or two?

His pigeons have been taught to play tunes on a piano, reports Prof. B. F. Skinner of Harvard's Psychological Department. This is about the most astonishing news to come out of a university in many a day.

Lausche Taft O. K. May Affect GOP '52 Choice

Ohio Governor's Praise Skyrockets Taft's Stock

Special to Central Press

WASHINGTON—Political experts of both parties say that should Senator Robert A. Taft of Ohio become the Republican presidential nominee in 1952, he will owe a debt of gratitude to an exceedingly powerful Democrat—Ohio's Gov. Frank Lausche.

The surprisingly forthright praise of Taft's integrity and ability voiced by Lausche during the recent Governors' Conference is regarded as absolute assurance that Taft will be returned to the Senate this year by an overwhelming majority.

However, aside from that, the Lausche statement figures in these other factors:

1—One reason Taft lost out in his bid for the 1948 nomination was the private but persistent contention of President Truman that the senator was the Republican he could most easily defeat.

2—Lausche's opinion of Taft puts a different complexion on the matter and Democrats agree that Mr. Truman would encounter great difficulty in "selling" any such credo in '52.

3—Lausche is known not only in his own state, but throughout the nation as a liberal and his opinion of Taft therefore blunts the attack of labor leaders who have assailed the senator as an arch-reactionary.

4—The Ohio delegation carries great weight at Republican national conventions, and GOP politicians can be sure that the words of the Democratic governor will echo again and again when the time comes to choose a presidential candidate two years hence.

Gov. Frank Lausche

• TAX DODGERS—Meanwhile, a scramble is due if the House ways and means committee persists in its plan to let tax dodgers pay up in order to avoid prison sentences.

A battle will be put up by Senator Estes Kefauver (D), Tennessee, chairman of the Senate crime investigating committee. Kefauver fears such a provision would enable the underworld characters he is after to evade prosecution.

The senator is convinced that income tax evasion may be the only "rap" on which his committee can put some of the nation's biggest mobster-gamblers behind bars. He points out that income tax troubles spelled doom for Al Capone.

Administration critics have charged that the amnesty proposal may be a "gimmick" to soft-pedal the Senate crime probe in big cities, where, for the most part, the political machines are controlled by Democrats.

• HELP WANTED—President Truman is having trouble finding men to fill two top government posts. The jobs are a seat on the Atomic Energy Commission and the assignment as special envoy to the Vatican.

Mr. Truman's difficulty in finding well-qualified men for these and other government offices is so serious that even the usual rumors as to his possible selections have been lacking.

Criticism of the President's failure to fill the AEC vacancy left by the resignation of David Lilienthal has been growing on Capitol Hill, however, and it may "build a fire" under the White House which will lead to an early appointment.

It is believed that secret negotiations are now under way with men the President considers qualified. However, as always, he faces the natural reluctance of men with big incomes and responsibilities in private life to accept the comparatively small pay, possible political sniping and the health-breaking schedules of government work on a policy level.

Reliable White House sources have discovered that the President will continue sending a special representative to the Vatican, despite protest from some Protestant groups. The task is to find a man to take the post left open by the retirement of Myron C. Taylor. Speculation says he will be a Protestant.

Republican national conventions, and GOP politicians can be sure that the words of the Democratic governor will echo again and again when the time comes to choose a presidential candidate two years hence.

George E. Sokolsky's

These Days

More and more, the people are asking: How could it have happened? No matter what the outcome of the Korean affair, it is now obvious beyond possible doubt that we were caught unaware. Some of us may boast that we have been giving warning for years and years, but that does not explain why no heed was taken of obvious facts and equally obvious warnings. The most discouraging fact in the Korean situation is that some of us have been warning of this danger since 1945 but few were willing to listen.

For instance, on Nov. 24, 1947, 12 former ambassadors of the United States jointly telephoned to the chairman of the Committee on Foreign Relations of the United States Senate. In 1947, as now, that office was held by Tom Connally of Texas. The message from the former ambassadors read:

"We the undersigned former ambassadors of the United States believing that the vital interests of our country would be gravely menaced if China should fall under the domination of the Soviet Union urge you most strongly to give essential military equipment and economic and financial aid to the Chinese government."

F. Lammot Belin, William C. Bullitt, William M. Collier, Josephus Daniels, Wesley Frost, James W. Gerard, Boaz Long, Lithgow Osborne, William Phillips, Robert P. Skinner, William H. Standley, Alexander W. Weddell."

These are not ignorant persons. In 1947, few men in the State Department had had the experience of Bullitt, Daniels, Gerard or Standley. Bullitt and Standley had served in Russia. Gerard had been offered the Russian post by President Roosevelt, to whom Gerard wrote:

"As a hard-boiled realist I advocated the recognition of the Soviets but as publicly for the last few years I have been calling them thieves and murderers I do not think that I can do you any good in that country."

Yet, not the slightest attention was paid to these experienced men. In fact, in 1947, there was hardly a man of far eastern experience in the State Department. The corps of experts, trained over many years, were out of the department, or widely scattered. For instance, the leading American authority on Japan and Korea, Eugene Dooman, was let out of the department. Our greatest authority on the entire Far East, Dr. Stanley Hornbeck, had been excluded from the Far Eastern situation. The list is long of men, trained at great expense to serve in the Far East, who found themselves in such places as Albania and Australia.

Instead, such men as Dean Acheson, Philip Jessup, Alger Hiss were making policy, largely under the inspiration of appeasing Soviet Russia and therefore appeasing the Chinese Communists. Certainly, Mr. Truman could not have made our China policy or our Japanese or Korean policies, as he knows nothing about those countries. Whoever advised him betrayed him and betrayed America, and that fact blew up in their faces when Soviet Russia sent a Korean Communist army into South Korea.

It would seem that while our boys are dying in Korea, we have a right to ask questions about how the Korean episode came about. For that episode was made in the United States.

When breathing in happiness in this nation of freedom, why not exhale some, too?

• TAX DODGERS—Meanwhile, a scramble is due if the House ways and means committee persists in its plan to let tax dodgers pay up in order to avoid prison sentences.

A battle will be put up by Senator Estes Kefauver (D), Tennessee, chairman of the Senate crime investigating committee. Kefauver fears such a provision would enable the underworld characters he is after to evade prosecution.

The senator is convinced that income tax evasion may be the only "rap" on which his committee can put some of the nation's biggest mobster-gamblers behind bars. He points out that income tax troubles spelled doom for Al Capone.

CHAPTER TWENTY-FIVE
IVES SWEEPED his arm toward Hammer and asked Tana, "Can you make it alone from here?"
"I'll ride with you," she said.
He frowned. "I don't know what's waiting down at the settlement."

"I'll ride with you," she said again.
He had no time for arguing. He said, "Very well," and looked toward the Sombra. He could pick out the distant pin-points of light that marked the nester settlement, and these became his beacon. He was not too familiar with the use of the land for he had come here in darkness last night. They moved along; he kept his eyes upon the lights; the lights grew larger. The two came upon fences which they had to follow to gates; the fences were a regular maze. Marybelle had known how to avoid the fences last night. Ives chafed at the delay and wished Marybelle were along again.

Soon the horses rustled through corn patches, and dogs barked at them, and at last he and Tana rode into a yard before the first of the tar-papered shacks. This yard was gray with dung dishwater; a tin washtub hung from the wall beside the door. Light shone in the windows; and when Ives hallooed, the door opened and a woman stood framed, a child tugging at her horse.

Ives said, "I'm looking for Elisha Lund's place."

The woman said, "Down a piece farther," and waved her arm to the south. Her face was inflexible; her face shut him out from further talk. The door closed with a solid finality, and he heard the sound of a snapping stick in the fire's heart loud in that silence. This was the way of the first movement—silence and a startled recognition and a beating animosity that rose in the night and settled upon Ives. He carefully wrapped his reins around the saddle-horn and sat on his saddle. He found that his palms were moist, and he ran them along his thighs.

They were to stop at several of these strung-out places within the hour; always there was the woman, always there was the wave to the south; and this became a changeless routine until they found the woman with a different fear in her face. She stood hesitantly in the door of her shack and gave the directions, and then she looked at the black garb of Ives and said, "You're the doctor?"

"Yes," he said.
"If you could look at my young one..."

He realized then that this was Jensen's place where last night he'd watched a man walk to and fro. His impulse was to step down from the saddle, but he remembered the tangle of fences and all

Lausche Taft O. K. May Affect GOP '52 Choice

Ohio Governor's Praise Skyrockets Taft's Stock

Special to Central Press

WASHINGTON—Political experts of both parties say that should Senator Robert A. Taft of Ohio become the Republican presidential nominee in 1952, he will owe a debt of gratitude to an exceedingly powerful Democrat—Ohio's Gov. Frank Lausche.

The surprisingly forthright praise of Taft's integrity and ability voiced by Lausche during the recent Governors' Conference is regarded as absolute assurance that Taft will be returned to the Senate this year by an overwhelming majority.

However, aside from that, the Lausche state figures in these other factors:

1—One reason Taft lost out in his bid for the 1948 nomination was the private but persistent contention of President Truman that the senator was the Republican he could most easily defeat.

2—Lausche's opinion of Taft puts a different complexion on the matter and Democrats agree that Mr. Truman would encounter great difficulty in "selling" any such credo in '52.

3—Lausche is known not only in his own state, but throughout the nation as a liberal andis his opinion of Taft therefore blunts the attack of labor leaders who have assailed the senator as an arch-reactionary.

4—The Ohio delegation carries great weight at Republican national conventions, and GOP politicians can be sure that the words of the Democratic governor will echo again and again when the time comes to choose a presidential candidate two years hence.

Gov. Frank Lausche

Republican national conventions, and GOP politicians can be sure that the words of the Democratic governor will echo again and again when the time comes to choose a presidential candidate two years hence.

George E. Sokolsky's

These Days

More and more, the people are asking: How could it have happened? No matter what the outcome of the Korean affair, it is now obvious beyond possible doubt that we were caught unaware. Some of us may boast that we have been giving warning for years and years, but that does not explain why no heed was taken of obvious facts and equally obvious warnings. The most discouraging fact in the Korean situation is that some of us have been warning of this danger since 1945 but few were willing to listen.

For instance, on Nov. 24, 1947, 12 former ambassadors of the United States jointly telephoned to the chairman of the Committee on Foreign Relations of the United States Senate. In 1947, as now, that office was held by Tom Connally of Texas. The message from the former ambassadors read:

"We the undersigned former ambassadors of the United States believing that the vital interests of our country would be gravely menaced if China should fall under the domination of the Soviet Union urge you most strongly to give essential military equipment and economic and financial aid to the Chinese government."

F. Lammot Belin, William C. Bullitt, William M. Collier, Josephus Daniels, Wesley Frost, James W. Gerard, Boaz Long, Lithgow Osborne, William Phillips, Robert P. Skinner, William H. Standley, Alexander W. Weddell."

These are not ignorant persons. In 1947, few men in the State Department had had the experience of Bullitt, Daniels, Gerard or Standley. Bullitt and Standley had served in Russia. Gerard had been offered the Russian post by President Roosevelt, whom Gerard wrote:

"As a hard-boiled realist I advocated the recognition of the Soviets but as publicly for the last few years I have been calling them thieves and murderers I do not think that I can do you any good in that country."

Yet, not the slightest attention was paid to these experienced men. In fact, in 1947, there was hardly a man of far eastern experience in the State Department. The corps of experts, trained over many years, were out of the department or widely scattered. For instance, the leading American authority on Japan and Korea, Eugene Dooman, was let out of the department. Our greatest authority on the entire Far East, Dr. Stanley Hornbeck, had been excluded from the Far Eastern situation. The list is long of men, trained at great expense to serve in the Far East, who found themselves in such places as Albania and Australia.

Instead, such men as Dean Acheson, Philip Jessup, Alger Hiss were making policy, largely under the inspiration of appeasing Soviet Russia and therefore appeasing the Chinese Communists. Certainly, Mr. Truman could not have made our China policy or our Japanese or Korean policies, as he knows nothing about those countries. Whoever advised him betrayed him and betrayed America, and that fact blew up in their faces when Soviet Russia sent a Korean Communist army into South Korea.

It would seem that while our boys are dying in Korea, we have a right to ask questions about how the Korean episode came about. For that episode was made in the United States.

When breathing in happiness in this nation of freedom, why not exhale some, too?

TAX DODGERS—Meanwhile, a scramble is due if the House ways and means committee persists in its plan to let tax dodgers pay up in order to avoid prison sentences.

A battle will be put up by Senator Estes Kefauver (D), Tennessee, chairman of the Senate crime investigating committee. Kefauver fears such a provision would enable the underworld characters he is after to evade prosecution.

The senator is convinced that income tax evasion may be the only "rap" on which his committee can put some of the nation's biggest mobster-gamblers behind bars. He points out that income tax troubles spelled doom for Al Capone.

Administration critics have charged that the amnesty proposal may be a "gimmick" to soft-pedal the Senate crime probe in big cities, where, for the most part, the political machines are controlled by Democrats.

HELP WANTED—President Truman is having trouble finding men to fill two top government posts. The jobs are a seat on the Atomic Energy Commission and the assignment as special envoy to the Vatican.

Mr. Truman's difficulty in finding well-qualified men for these and other government offices is so serious that even the usual rumors to his possible selections have been lacking.

Criticism of the President's failure to fill the AEC vacancy left by the resignation of David Lilienthal has been growing on Capitol Hill, however, and it may "build a fire" under the White House which will lead to an early appointment.

It is believed that secret negotiations are now underway with men the President considers qualified. However, as always, he faces the natural reluctance of men with big incomes and responsibilities in private life to accept the comparatively small pay, possible political sniping and the health-breaking schedules of government work on a policy level.

Reluctance To Making Sacrifice

Reliable White House sources have discovered that the President will continue sending a special representative to the Vatican, despite protest from some Protestant groups. The task is to find a man to take the post left open by the retirement of Myron C. Taylor. Speculation says he will be a Protestant.

the last time. Always there had to be first things first. "I'll be back as soon as I can," he promised.

The woman said, "I'll be obliged."

When they were riding again, Tana said, "Have you noticed that we haven't found a man at any of the places?"

"Yes," she said, his mouth drawing grim. "I've noticed."

Shortly thereafter they saw the fire.

Fire neared Ives in the first moment; that fire was big enough to be a snack burning; and his thought was that the colonel hadn't stood pat, the colonel had brought the war to the settlement. He remembered Marybelle's talk of last night, her memory of numbering along in a wagon and not looking back because her home was burning. He jogged his horse; Tana pressed hers harder, keeping abreast of him. Soon Ives saw that the fire stood in the openness between a shack and the scattered out-buildings of Anna Lund's place. About this fire, men stood massed in ragged ranks, bleak and bitter men, and the firelight danced upon rifle barrels; and the night was uncertain. He was Hammer in their minds. Feet stirred restlessly, and there was much shifting of rifles, and he saw scowls and wooden blankness.

Then someone said, "He's a low down spy for Hammer!"

Ives said, "You're wrong, friend."

Others took voice; their words were a babel with only the tone to be perceived, and that tone held suspicion and open antagonism. But above this Lund's voice runted.

"Let him have his say," Lund ordered; this was the coin in which a doctor got his payment.

"I've had my say," Ives said. "I'm riding to Hammer. I'm only asking you fellows to wait till I come back. What difference whether you have your war to-night or tomorrow, if war it's got to be? I tell you I'll bring Benedict back to you!" He appealed to Lund. "Haven't you told them why I've been missing? The colonel doesn't know I broke jail. And I couldn't have sent word to him without letting him know where Cory is."

Lund plucked at his yellow beard, his eyes troubled. He looked toward the massed men. "Jorgenson," he said, "tell him what you told us when you got back today."

A man moved in the crowd. He was young and big and thick-shouldered, and his face held no compromise. He looked at Ives and spat into the fire. He said, "I was down to the railroad this week. The telegraph operator there, he's a cousin of mine. He said Colonel Carradine sent a wire not long ago. To Cheyenne. For all the gunmen that would hire out to Hammer. He wanted them as fast as they could come."

Ives said desperately, "He won't have any call for gunmen unless you fellows ride against Hammer."

Anger brightened Jorgenson's eyes. "You want us to stall for another day or two. Then maybe his gunmen will get here. I'm thinking that's why he sent you."

310 Pickaway County Girls Enter 4-H Club Style Revue In Courthouse Here

Jean Dearth Wins Again

When the 4-H Club Style Revue was held six weeks early this year, 310 Pickaway County girls met the challenge by staging a fashion show of outstanding quality. The four judges were enthusiastic in their comments on the work displayed.

One judge, who had judged many style revues in many counties, said that the 4-H Style Revue held Wednesday in common pleas court room of Pickaway Courthouse was excellent. Another judge said that the work was even better than last year. Still another commented on the "nice choice of material, the smartness and practicality of the clothing on display." The fourth summed things up by pronouncing it a "grand style revue."

Jean Dearth received a cup as winner of first place in the complete costume division. She will again represent Pickaway County in the Ohio State Fair when she models her costume. Miss Dearth was first place winner in the state in the complete costume class in 1949. She is a member of Saltcreek Victory Stitchers 4-H club.

In regard to the complete costume class, Miss Genevieve Alley, home demonstration agent for Pickaway County, explained that in this class girls made most of their undergarments as well as outer garments. While accessories could be purchased, models were judged on the complete effect.

Miss Dearth's winning outfit consisted of a wool suit of a gold-gray material, gold knit gloves and brown accessories. Miss Dearth had selected white undergarments. The slip which she had made herself was edged in hand crochet. Judges said that perfection of detail as well as general effect and appropriateness put Miss Dearth in first place.

Winning second place in the complete costume class was Mary Anne Defenbaugh of Saltcreek Stitch and Chatter 4-H club. Miss Defenbaugh received a medal as second place winner. She modeled a yellow taffeta formal, with a two tiered cape of black taffeta fastened in front with a yellow rose. She wore gold sandals, a matching yellow and gold necklace and white undergarments.

Carolyn Martin of Circle Sew Straight was third place winner in a brown taffeta dinner dress with matching jacket. Her accessories were brown, undergarments white. She received a medal.

Betty Skinner of Atlanta Silver Thimble was winner of fourth place. She modeled a brown suit with accessories of darker brown and white undergarments. She received a money award.

Margie Dearth of Saltcreek Victory Stitchers was first place winner in the "Dress up dress" class. She modeled a navy blue crepe with white organdy collar. She received a cup.

Patsy Glick of Walnut Sew and Sew took second place in a blue and pink print of silk organdy. Her award was a medal.

Jean Michel of Darby Flying

Needle club won third award in a ballerina length formal charmeuse Skinner satin. She received a medal.

Alice Wickline of Darby Flying Needles was fourth place winner in a dress of aqua spun rayon. She received a money award.

Also receiving a money award was Betty Furniss of Darby Flying Needles 4-H club who won fifth place.

Other winners receiving ribbons were Betty Jane Lamb of Atlanta Silver Thimble who placed sixth; Elaine Quillen of Walnut Sew and Sew, seventh; Lois Cook of Circle Sew Straight eighth; Ruth Ann Leslie of Atlanta Silver Thimble, ninth, and Joyce Baldosser of Logan Elm Sunny Sewers tenth.

Winners in the Tailored class were Patsy Glick of Walnut Sew and Sew, first place; Effie Rose Hobble of Atlanta Silver Thimble, second place; Addie Wertzman of Circle Sew Straight, third place; Betty Skinner of Atlanta Silver Thimble, fourth place; Ruth Ann Leslie of Atlanta Silver Thimble, fifth place; Linda Sibough of Walnut Sew and Sew, sixth place and Frances Morris of Atlanta Silver Thimble, seventh.

Miss Glick received a cup; Miss Hobble and Miss Wertzman medals and other winners received ribbons.

In the sports clothes class the ten winners were Suzanne Porter of Monroe Senior Stitchettes, first; Rosemary Wright of Bloom Busy Bodies, second; Effie May Hobble of Atlanta Silver Thimble, third; Lucille Wickline, Darby Flying Needles, fourth and Barbara McKenzie of Logan Elm Sunny Sewers fifth.

Winning ribbons were Judy List of Jackson Jolly Stitchers, sixth; Shirley Radabaugh of Saltcreek Victory Stitchers, seventh; Patty Woodward of Saltcreek Victory Stitchers, eighth; Lorraine Gifford of Logan Elm Sunny Sewers, ninth and Mary Baldosser of Logan Elm Sunny Sewers, tenth.

Virginia Garrett of Darby Flying Needles won the medal for first place in the "Let's Sew" division.

Patty Strous of Saltcreek Victory Stitchers placed second and received money award. Others receiving a money award in Let's Sew class were Nancy Pollard, second place; Barbara Stoer of Monroe Junior Stitchettes, third; Lucille Wickline, Darby Flying Needles, fourth and Barbara McKenzie of Logan Elm Sunny Sewers fifth.

Winning in the undergarments class were Juanita LaRue of Walnut Sew and Sew, first, who received a medal and Mary Jordan of Atlanta Silver Thimble, second, who received a money award.

Sue Moss of Saltcreek Victory Stitchers won a medal when she placed first in the Junior School Dress Division. This was a division for 4-H girls who had dress projects for the first time. Placing second in this class was Barbara Smalley of Circle Sew Straight; third, Peggy Orihood of New Holland Snip Snap Sisters; fourth, Fonda Liston of Monroe Senior Stitchettes; fifth, Joy Eckle of New Holland Snip Snap Sisters. Money awards were given for second, third, fourth and fifth places.

Winning ribbons were Vera Hinton of Saltcreek Victory Stitchers in sixth place; Iris Wallace of Atlanta Silver Thimble in seventh place; Suzanne Haller of Monroe Senior Stitchettes in eighth place; Carol Leist of Buttons and Bows in ninth place and Sally Armstrong of Saltcreek

Victory Stitchers in Tenth place. Five ribbons were awarded in the Senior School dress division. Effie Rose Hobble of Atlanta Silver Thimble was first place winner; Barbara Dern of Walnut Sew and Sew was second place winner. Betty Jane Lamb of Atlanta Silver Thimble won third; Mary Jordan of Atlanta Silver Thimble fourth; and Alverna Rinehart of Bloomfield Busy Bodies, fifth.

The Cotton Dress division was open to 4-H girls who were making a first dress project. Winner of first place was Zoedell Riggan of Jackson Jolly Stitchers who was awarded a medal.

Visiting his sisters, Mrs. Charles Ater of South Pickaway street and Mrs. Nannie Beery of East Franklin street, is John LaMaster of Columbus.

Mrs. C. E. Stocklen of North Court street has as her guests her son and family, Mr. and

Mrs. Eugene Gildersleeve will be hostess to Ladies Aid Society of Pleasant View Evangelical United Brethren in her home on Circleville Route 4 at 2 p.m. Wednesday.

Mr. and Mrs. Manley Smith of West Main street and Mr. and Mrs. Dave Olnay of Pinckney street are spending two weeks near Topical Lake, N.Y.

Mr. Leo Davis of Kingston Sherman of Darby Flying Needles in third place; Sally Clifton of Circle Sew Straight in fourth place and Joretta Tatman of Saltcreek Victory Stitchers in fifth place.

Receiving ribbons Barbara McKenzie of Logan Elm Sunny Sewers was sixth place winner; Mary Baldosser of Logan Elm Sunny Sewers, seventh place; Lorraine Gifford of Logan Elm Sunny Sewers, eighth place; Donna Harrison of Junior Circle Sew Straight, ninth place and Rita Cook of Circle Sew Straight tenth.

Winners who will model their costumes in the Ohio State Fair will be, beside Jean Dearth who won first place in complete costume division, Margie Dearth, her sister who won first place in "Dress up" dress class and Effie May Hobble who placed first in the School dress division.

Taking their dresses to Ohio State Fair for exhibit will be Mary Anne Dzenbaugh who placed second in complete costume division; Zoedell Riggan who won first place in School dress division, Junior class and Barbara Smalley second place winner in the same division.

The four judges who commented so favorably on the quality of work and size of style review were Miss Eva Kinsey, assistant State 4-H club leader from Ohio State Extension Office; Mrs. Edwin Bach, former home economics teacher in Circleville high school and a former Pickaway County 4-H club girl and leader; Miss Harriet Smythe Home Demonstration Agent of Ross County and Miss Mabel Westervelt, Home Demonstration agent of Fairfield County.

310 Pickaway County Girls Enter 4-H Club Style Revue In Courthouse Here

Jean Dearth Wins Again

When the 4-H Club Style Revue was held six weeks early this year, 310 Pickaway County girls met the challenge by staging a fashion show of outstanding quality. The four judges were enthusiastic in their comments on the work displayed.

One judge, who had judged many style revues in many counties, said that the 4-H Style Revue held Wednesday in common pleases court room of Pickaway Courthouse was excellent.

Another judge said that the work was even better than last year. Still another commented on the "nice choice of material, the smartness and practicality of the clothing on display." The fourth summed things up by pronouncing it a "grand" style revue."

Jean Dearth received a cup as winner of first place in the complete costume division. She will again represent Pickaway County in the Ohio State Fair when she models her costume. Miss Dearth was first place winner in the state in the complete costume class in 1949. She is a member of Saltcreek Victory Stichers 4-H club.

In regard to the complete costume class, Miss Genevieve Alley, home demonstration agent for Pickaway County, explained that in this class girls made most of their undergarments as well as outer garments. While accessories could be purchased, models were judged on the complete effect.

Miss Dearth's winning outfit consisted of a wool suit of a gold-gray material, gold knit gloves and brown accessories. Miss Dearth had selected white undergarments. The slip which she had made herself was edged in hand crochet. Judges said that perfection of detail as well as general effect and appropriateness put Miss Dearth in first place.

Winning second place in the complete costume class was Mary Anne Defenbaugh of Saltcreek Stitch and Chatter 4-H club. Miss Defenbaugh received a medal as second place winner. She modeled a yellow taffeta formal, with a two tiered cape of black taffeta fastened in front with a yellow rose. She wore gold sandals, a matching yellow and gold necklace and white undergarments.

Carolyn Martin of Circle Sew Straight was third place winner in a brown taffeta dinner dress with matching jacket. Her accessories were brown, undergarments white. She received a medal.

Betty Skinner of Atlanta Silver Thimble was winner of fourth place. She modeled a brown suit with accessories of darker brown and white undergarments. She received a money award.

Marge Dearth of Saltcreek Victory Stichers was first place winner in the "Dress up dress" class. She modeled a navy blue crepe with white organdy collar. She received a cup.

Patsy Glick of Walnut Sew and Sew took second place in a blue and pink print of silk organdy. Her award was a medal.

Jean Michel of Darby Flying Sally Armstrong of Saltcreek

Needle club won third award in a ballerina length formal chartruese Skinner satin. She received a medal.

Alice Wickline of Darby Flying Needles was fourth place winner in a dress of aqua spun rayon. She received a money award.

Also receiving a money award was Betty Furniss of Darby Flying Needles 4-H club who won fifth place.

Other winners receiving ribbons were Betty Jane Lamb of Atlanta Silver Thimble who placed sixth; Elaine Quillen of Walnut Sew and Sew, seventh; Lois Cook of Circle Sew Straight eighth; Ruth Ann Leslie of Atlanta Silver Thimble, ninth, and Joyce Baldosser of Logan Elm Sunny Sewers tenth.

Winners in the Tailored class were Patsy Glick of Walnut Sew and Sew, first place; Effie Rose Hobble of Atlanta Silver Thimble, second place; Addie Wermuth of Circle Sew Straight, third place; Betty Skinner of Atlanta Silver Thimble, fourth place; Ruth Ann Leslie of Atlanta Silver Thimble, fifth place; Linda Silbaugh of Walnut Sew and Sew, sixth place and Frances Morris of Atlanta Silver Thimble, seventh.

Miss Glick received a cup; Miss Hobble and Miss Wermuth of Pickaway County, explained that in this class girls made most of their undergarments as well as outer garments. While accessories could be purchased, models were judged on the complete effect.

Miss Dearth's winning outfit consisted of a wool suit of a gold-gray material, gold knit gloves and brown accessories. Miss Dearth had selected white undergarments. The slip which she had made herself was edged in hand crochet. Judges said that perfection of detail as well as general effect and appropriateness put Miss Dearth in first place.

Winning second place in the complete costume class was Mary Anne Defenbaugh of Saltcreek Stitch and Chatter 4-H club. Miss Defenbaugh received a medal as second place winner. She modeled a yellow taffeta formal, with a two tiered cape of black taffeta fastened in front with a yellow rose. She wore gold sandals, a matching yellow and gold necklace and white undergarments.

Sue Moss of Saltcreek Victory Stichers won a medal when she placed first in the Junior School Dress Division. This was a division for 4-H girls who had dress projects for the first time. Placing second in this class was Barbara Smalley of Circle Sew Straight; third, Peggy Orihood of New Holland Snip Snap Sisters; fourth, Fonda Liston of Monroe Senior Stichettes; fifth, Joy Eckle of New Holland Snip Snap Sisters. Money awards were given for second, third, fourth and fifth places.

Winning ribbons were Vera Hinton of Saltcreek Victory Stichers in sixth place; Iris Wallace of Atlanta Silver Thimble in seventh place; Suzanne Haller of Monroe Senior Stichettes in eighth place; Carol Leist of Buttons and Bows in ninth place and Sally Armstrong of Saltcreek

Victory Stichers in Tenth place. Five ribbons were awarded in the Senior School dress division. Effie Rose Hobble of Atlanta Silver Thimble was first place winner; Barbara Dern of Walnut Sew and Sew was second place winner. Betty Jane Lamb of Atlanta Silver Thimble won third; Mary Jordan of Atlanta Silver Thimble fourth; and Alvina Rinehart of Bloomfield Busy Bodies, fifth.

Visiting his sisters, Mrs. Charles Ater of South Pickaway street and Mrs. Nannie Beery of East Franklin street, is John LaMaster of Columbus.

Mrs. C. E. Stocklen of North Court street has as her guests her son and family, Mr. and

Sherman of Darby Flying Needles in third place; Sally Clifton Bach of Monroe Senior Stichettes who won third place; Barbara Englund of Logan Elm Sunny Sewers, who won fourth place and Shellie Schaub of Circle Sew Straight who won fifth.

Other winners received ribbons. They were Eloise Valentine of Circle Sew Straight, sixth; Mary Anne Noecker of Walnut Sew and Sew, seventh; Peggy Evans of Logan Elm Sunny Sewers, eighth; Martha Ann Pile of Logan Elm Sunny Sewers, ninth and Marilyn Evans of Logan Elm Sunny Sewers, tenth.

Receiving ribbons Barbara a McKenzie of Logan Elm Sunny Sewers was sixth place winner; Mary Baldosser of Logan Elm Sunny Sewers, seventh place; Lorraine Gifford of Logan Elm Sunny Sewers, eighth place; Donna Harrison of Junior Circle Sew Straight, ninth place and Rita Cook of Circle Sew Straight tenth.

Winners who will model their costumes in the Ohio State Fair will be Jean Dearth who won first place in complete costume division, Margie Dearth, her sister who won first place in "Dress up" dress class and Effie May Hobble who placed first in the School dress division.

Taking their dresses to Ohio State Fair for exhibit will be Mary Anne Defenbaugh who placed second in complete costume division; Zodell Riggan who won first place in School dress division. Junior class and Barbara Smalley second place winner in the same division.

The four judges who com-

mented so favorably on the quality of work and size of style review were Miss Eva Kinsey, assistant 4-H club leader from Ohio State Extension Office; Mrs. Edwin Bach, former home economics teacher in Circleville high school and a former Pickaway County 4-H club girl and leader; Miss Harriet Smythe Home Demonstration Agent of Ross County and Miss Mabel Westervelt, Home Demonstration agent of Fairfield County.

There are no house flies in Alaska, according to an authority.

Mr. and Mrs. Charles T. Malenkamp of Columbus are visiting this week with Mr. and Mrs. Walter Camp and Mr. and Mrs. Jack Lagore of 626 East Mound street and Mr. and Mrs. Arch Ward of West Ohio street.

Mr. and Mrs. George Roth of Circleville Route 2 will be hosts at a meeting of Wayne Advisory Council in their home at 8 p.m. Friday.

Mrs. McClelland Clark of East Mill street has returned from a weekend visit with her brother-in-law and sister, Mr. and Mrs. James E. Dearth of Columbus.

Mr. and Mrs. Charles T. Malenkamp of Columbus are visiting this week with Mr. and Mrs. Walter Camp and Mr. and Mrs. Jack Lagore of 626 East Mound street and Mr. and Mrs. Arch Ward of West Ohio street.

Short sleeved darling with interest centered at the waist . . . for there they are gathered with tiny embroidered flowers. Silky cotton broadcloth that is Sanforized. Pink, blue, maize, lilac. Sizes 9 to 15.

In View Of The News

By J. C. Oestreicher
INS Foreign Director

The British government has promised a full parliamentary debate on the state of its defenses and once again the open frankness of the democracies will pit itself against the secrecy of dictatorship.

Many sections of the British press have been clamorous for a full airing in the House of Commons ever since Defense Minister to that body that present conditions do not allow room for complacency.

Yet the question arises as to whether information valuable to a potential enemy might not leak out in the course of debate.

This could be avoided in large measure by calling a secret session of parliament.

But this has an extraordinarily ominous ring and is rare indeed in time of peace. Great Britain wants its people alive to the dangers in the world today. But the position is difficult. Tourist trade has been prospering and the season has hardly begun. It would be a tremendous blow to the treasury if the upsurge of tourist dollars were cut off suddenly by a European war scare.

The open frankness of the democracies concerning their military strengths and weaknesses is frequently astonishing in view of the present state of the world. Great Britain justifies her inability to send any appreciable forces into Korea on the grounds she has 70 thousand men committed in Malaya and 38 thousand at Hong Kong.

THESE COMPRIZE a sizeable defense force. But it is surely not great when compared, for example, with the half a million men that the Soviet satellite nations have poised along the frontiers of Yugoslavia.

And how many others there may be prepared to back up these half million in event of aggression no one outside of the Kremlin and the satellite capitals knows.

In any case it must be a source of satisfaction to Communist military leaders in Asia to know just how many men Britain has under arms in Malaya and at Hong Kong. The figures, of course, could be deliberately low as a ruse.

But this is hardly likely. When it is considered that the Malaya campaign has cost Britain \$100 thousand a day for the last three years, and when this is gauged against British treasury figures, the burden even as it stands is a really formidable one.

While the government has

Idle Pay Claims Take Jump Here In Last Week

New claims for unemployment compensation in Pickaway County took a jump upward last week.

According to a Bureau of Employment Compensation report, new claims increased from 14 filed the week before last to 20 for last week.

Continued claims, however, remained at a standstill, with 87 filed for both weeks.

The report showed that throughout the state the number of new claims filed last week decreased 287, from 11,187 filed the week before last to 10,909 filed last week.

Statewide continued claims, on the other hand, increased from 62,825 to 63,310, a jump of 485.

Boy Crushed By Tractor

ZANESVILLE, July 20—Seven-year-old William A. Brook was crushed to death late yesterday afternoon when his clothes became tangled in the power takeoff of a tractor in a field near his home on Zanesville's Airport Road.

The boy, who had been playing in the field, was warned to stay away from the machinery, but apparently sneaked up behind the tractor.

In other words, a British expeditionary force would be slow in building up. By the same token this means there are few units that are completely ready at any given moment for service on continental Europe.

Most British governments, regardless of their political complexion, have been inclined to give the people a clear picture of their military readiness. If enemies-to-be gain by the information, that is quite obviously one of the "calculated risks" of Democracy.

Bishop Lauds UN Intervention

LAKESIDE, July 20—A former bishop of the Methodist

church in China believes the United Nations' intervention in Korea will give "a new lease on life" to men everywhere.

Bishop Arthur J. Moore of Atlanta, who served as bishop of

the Shanghai area (which includes Korea), told an audience here yesterday that "the new totalitarianism coming out of Moscow must be overthrown."

"Once this is done," he said,

"we may expect the nations of Asia to enter upon a creative period in which their economic, social and religious life will be improved."

Bishop Moore added that if

Russia dominated the world, Christianity, as well as peace and freedom, would be seriously weakened.

WASHINGTON REPORT

By SENATOR ROBERT A. TAFT

The administration decided last week that further consideration of the tax bill, passed by the House of Representatives, and on which hearings have been held by the Senate committee, should be deferred until we have before us the full financial situation created by the Korean war. The bill contains a considerable reduction in excise taxes, and it is undoubtedly true that many of these excise taxes are exceedingly arbitrary, burdensome and discriminatory.

On the other hand, the bill contains a great many other controversial features, including an increase in the rate of tax on corporate net income, and so-called loophole closing provisions which have excited the violent opposition of every university and charitable corporation in the country as well as a very considerable number of industries.

The House provisions on these loophole amendments are so loosely drawn that they not only hit those who have been escaping taxation, but threaten the whole tax-exempt status of many educational and charitable institutions. It would certainly take two or three weeks to re-draft these provisions in the proper form.

I should be inclined to proceed to remove a few of the most inequitable of the excise taxes where the damage to the industry concerned is clear. Later we may find it necessary to obtain more money from excise taxes, but I feel confident that a new system could be made much more equitable and spread over a wider field than at present.

We face a serious financial situation, but we do not know as yet exactly how serious it will be. We have just had a deficit of \$3 billion for the year which ended June 30 and an estimate of a \$5 billion deficit for the year ending June 30, 1951, still stands. Unquestionably, there must be added to this several billion dollars for increased military expenditures, even assuming the war is confined to Korea.

WHAT CONGRESS should do now is to cut drastically all do-

when it is only an addition of one or two per cent to our current production of goods. If we are forced into substantial increase in taxes, it probably ought to be spread over all fields—corporation, individual and excise. But it is still too early to judge the whole situation.

Should we become involved in the tragedy of a third world war, many persons feel that we should finance that also out of current taxes rather than add hundreds of billions of dollars to our present huge debt.

CERTAINLY THAT possibility should be explored, although no nation has ever been able to do it. It would almost require a rationing of individual income, the difficulties of which procedure are almost inconceivable.

One thing seems certain. War today, even a war with a few Korean Communists, is infinitely expensive. We cannot have both guns and butter. If we engage in war, either we have to abandon a lot of the nice things we would like to have and cut expenditures, or our people are going to have to pay a lot more taxes.

Hotel Clerk Held Up Again

WASHINGTON, July 20 — Edwin M. Van Meter is beginning to wonder if he shouldn't look for a job less hazardous than his present one as a hotel clerk.

Van Meter, 78, told police that he has been stuck up the third time in less than five years. This time the clerk said the two would-be robbers fled when he offered resistance.

In this case **FEELING IS BELIEVING**

NO, the eye does not tell everything—not in this instance.

True, it tells you ROADMASTER is smart. It tells you it's big. It shows, if you watch closely, that this brawny beauty rides level and unperturbed even when road-roughness has its wheels fairly dancing.

A glance may even indicate how much lolling comfort there is here—what wide-open freedom passengers and driver know in this gay traveler.

But how can the eye tell you how you feel touching off the great power that's under this broad bonnet?

How can it reveal the silken, swift-mounting surge of oil-cushioned take-off—smooth, silky, unbroken, as

Dynaflow Drive works its magic?

Even when you watch a ROADMASTER settle down to a long steep pull and crest the top going away, how can it tell you what thrill your spirits get from such ability?

And what can it say of the lift that's yours traveling in a beauty that catches all eyes, swivels passing heads, marks you by its very lines as traveling in as fine a car as any man can ask for?

No, these things you have to feel for

Only Buick has Dynaflow—Drive* and with it goes:

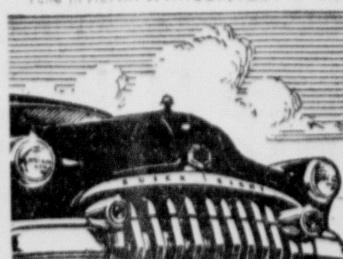

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with MULTI-GUARD front-end, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

when it is only an addition of one or two per cent to our current production of goods. If we are forced into substantial increases in taxes, it probably ought to be spread over all fields—corporation, individual and excise. But it is still too early to judge the whole situation.

Should we become involved in the tragedy of a third world war, many persons feel that we should finance that also out of current taxes rather than add hundreds of billions of dollars to our present huge debt.

CERTAINLY THAT possibility should be explored, although no nation has ever been able to do it. It would almost require a rationing of individual income, the difficulties of which procedure are almost inconceivable.

One thing seems certain. War today, even a war with a few Korean Communists, is infinitely expensive. We cannot have both guns and butter. If we engage in war, either we have to abandon a lot of the nice things we would like to have and cut expenditures, or our people are going to have to pay a lot more taxes.

If we add the Korean demands to the present huge domestic requirements for steel and products of all kinds, without economy or new taxation, we are likely to produce a serious inflation.

I would far rather check inflation by economy or increased taxes than by controls. Controls might be necessary in some very limited fields, but I see no reason why the addition of several billion dollars to our military expenses should justify any would-be robbers fled when he over-all police state controls offered resistance.

Hotel Clerk Held Up Again

WASHINGTON, July 20 — Edwin M. Van Meter is beginning to wonder if he shouldn't look for a job less hazardous than his present one as a hotel clerk.

Van Meter, 78, told police that he has been stuck up by would-be bandits again—the third time in less than five years. This time the clerk said the two would-be robbers fled when he over-all police state controls offered resistance.

I should be inclined to proceed to remove a few of the most inequitable of the excise taxes where the damage to the industry concerned is clear. City Council Shrugs Off Train Slash

N&W Cutback Being Ignored

Circleville city council has expressed indifference to removal of two Norfolk and Western Railway passenger trains from the local schedule.

The matter was brought up by Mayor Thurman I. Miller, who said he had been informed council would have to take immediate action if they intended to protest the removal of the trains.

He said the protest would have to be filed with Public Utilities Commission of Ohio.

The N and W has filed an application with the PUCO to discontinue passenger trains 35 and 36 operating between Columbus and Portsmouth.

The northbound train 35 arrives in Circleville at 10:15 p.m., while train 36, southbound, stops in Circleville at 8:45 a.m.

Council's attitude toward the whole affair was summed up by Councilman E. L. Montgomery, who said after the mayor's explanation was concluded:

"I move we adjourn."

PRIOR TO THE railroad master, Safety Director C. O. Leist told council he had been asked by R. E. Gosnell if council would authorize diagonal parking on Mound street in front of his place of business, Pickaway Arms.

Service Director John Neuding also reported he had been asked to request an additional street light for Montclair avenue. The request brought a frown from Councilman Ray Anderson, who remarked that the city's street lighting bill last year totalled \$7,000.

Council took no action on either request.

Action Taken In County Estates Here

An inventory and appraisal of the Floyd M. Seymour estate has been filed in Pickaway County probate court listing a total of \$10,450, of which \$7,500 is in real estate and \$2,950 in personal goods and chattels.

Also in probate court an application for transfer of approximately 113 acres of land in Walnut Township, part of the Harry Diehl estate has been approved by Judge George D. Young.

The land transfer is to Anna Diehl, widow, and Donald Diehl, son, of Ashville; William Diehl, son, of Hallsburg and Leda Cromley, daughter, of near Ashville.

Judge Young has confirmed the private sale of real estate of the Melissa A. Rodgers estate. The property was sold for \$5,500 to Mary Nowlen Bretzus, Mary Jane Bretzus and Louisa Bretzus.

JUST 20 YEARS AGO**Judge Crater Mystery Cropping Up Once More**

NEW YORK, July 20 — Capt. John J. Cronin, head of the New York Bureau of Missing Persons, is steeling himself to deal with a batch of letters, volunteer information and new clews on Judge Joseph Force Crater, who disappeared into thin air in this city just 20 years ago this summer.

"Everybody and his brother are doing an anniversary piece for some magazine or newspaper on the judge's disappearance," Capt. Cronin said.

"And everytime anything is printed about the judge, the bureau gets a handful of letters, usually from crack-pots, who think they have just seen the judge in Timbuktu or Coney Island. Or maybe they have just thought up a new theory about his disappearance," added the captain.

The police file on the judge, who has become part of authentic American folklore and whose name now evokes on the radio the same kind of yak-yakking as the mention of Brooklyn, is still open.

Every possible clew has been followed and will continue to be followed, the captain said. In the last 20 years, people have reported seeing the missing judge disguised as a sheep-herder in Nevada, a croupier in Casablanca, a loafer on the Riviera, a boatman on the Yangtze and a laborer in Patagonia.

"YOU NAME THE place," Capt. Cronin offered, "and the judge has been seen there."

The captain believes that the judge's disappearance has become for this generation what Little Charlie Ross's kidnapping was for an earlier generation of Americans: An altogether intriguing and baffling mystery so far defying solution.

Crater, a big, handsome man appointed to the New York supreme court by Gov. Franklin De-

pearance, was the complete absence of a set of the judge's fingerprints. None was on file anywhere.

Only after his disappearance did it come to light that his honor was involved in one or two matters that might have ruined his judicial career.

Before Crater's appointment to the bench, for instance, he had served as receiver for a bankrupt turkish bath on the lower east side. Crater had sold the property for mere \$418.90 to a group with political connections that later sold it to the city for \$2,850,000.

THERE WERE even a lady or

two in the case, in addition to the judge's faithful wife.

And then there was the mysterious appearance of \$6,690 in cash, checks, stocks, bonds and insurance policies in the Crater apartment months after the initial police searches had turned up no such items.

Eventually, after seven years, the courts at Mrs. Crater's request declared the judge legally dead. She collected some insur-

ance, but not double indemnity, a barrel of concrete on the bottom of the East River, a legendary end of enemies in the gangster era.

Capt. Cronin, like every police officer who worked on the case originally, believes Judge Crater's disappearance was voluntary. Why, is another matter.

More than 2,700,000 motorists belong to the American Automobile association.

Iano Roosevelt in April, 1930, was last seen at 9:15 p.m., Aug. 6, 1930, as he stepped into a taxicab outside a popular restaurant on West 45th Street.

It is almost impossible for anyone to disappear, vanish, fade into the atmosphere, and no one knows that better than Capt. Cronin, who turns up innumerable missing men, women and children during any single working year.

And it is doubly hard for a man of Judge Crater's size, appearance and general prominence to vanish. But vanish he did, after dining with a lawyer friend and a pretty show girl who waved him into the taxicab that took him no one knows where.

One astounding fact that later hindered police, after they were called into the case almost three weeks after the judge's dis-

appearance," added the captain.

The police file on the judge, who has become part of authentic American folklore and whose name now evokes on the radio the same kind of yak-yakking as the mention of Brooklyn, is still open.

Every possible clew has been followed and will continue to be followed, the captain said. In the last 20 years, people have reported seeing the missing judge disguised as a sheep-herder in Nevada, a croupier in Casablanca, a loafer on the Riviera, a boatman on the Yangtze and a laborer in Patagonia.

"YOU NAME THE place," Capt. Cronin offered, "and the judge has been seen there."

The captain believes that the judge's disappearance has become for this generation what Little Charlie Ross's kidnapping was for an earlier generation of Americans: An altogether intriguing and baffling mystery so far defying solution.

Crater, a big, handsome man appointed to the New York supreme court by Gov. Franklin De-

schools. Succeeding Gene M. Hanes who resigned to go to Knox County, he was formerly principal at Chauncey-Dover high school.

FIRST—Chevrolet's low purchase price means you're money ahead to start. **SECOND**—Chevrolet's great, action-packed Valve-in-Head engine plus the sensational new Power-Jet carburetor provides high-powered performance at low cost per mile. **THIRD**—there are rugged Advance-Design features that lower your maintenance costs by keeping Chevrolet trucks on the road and out of the shop! And **FOURTH**—because these value-loaded trucks are preferred over any other make, their resale value is right at the top. Yes, you really save all around on a Chevrolet truck. Come in and get the full facts. Let us prove that—whatever your hauling need—you'll be money ahead with a Chevrolet Advance-Design truck!

**ADVANCE-DESIGN TRUCKS****Performance Leaders**

Chevrolet's newest and most powerful trucks feature an improved 92-h.p. Thrifmaster Valve-in-Head engine and a brand-new 105-h.p. Loadmaster Valve-in-Head engine. Smooth, quick acceleration is provided by Chevrolet's new Power-Jet carburetor. Synchro-Mesh transmission enables the driver to shift with greater ease, smoothness and safety.

Payload Leaders

Chevrolet trucks deliver the goods at low cost per mile—and deliver them fast! Features like Chevrolet's Diaphragm Spring clutch for smooth engagement and Double-Articulated brakes for complete driver control enable you to meet the most demanding road schedules.

Popularity Leaders

Chevrolet Advance-Design trucks are America's biggest sellers! That's because users recognize the value of such Chevrolet features as Hypoid rear axles that are 5 times more durable than spiral bevel type, and Unit-Design cab and bodies that are precision-built for added strength and rigidity, and for longer life.

Price Leaders

Chevrolet's rock-bottom initial cost, economy of operation and upkeep, and high trade-in value add up to the lowest price for you. Compare values! Compare what you get for the price you pay. You'll find everything favors Chevrolet trucks.

Club Prexy Fires Self, He Claims

Improvement Seen For Pirate Crew

PITTSBURGH, July 20 — Frank McKinney's withdrawal from the Pittsburgh baseball club is one of the rare examples of a club president firing himself when the team went sour.

Usually the field manager or general manager is first to go. In the case of the last-place Pirates, Bill Meyer has a guarantee that his seasonal occupation will not be severed and so does General Manager Roy Hamey.

But it will not be a surprise at all if both are looking for new positions next Fall.

John Galbreath, the Columbus real estate entrepreneur who became president upon McKinney's resignation, said he "didn't think the ball club was as bad as it has looked."

Some newsmen felt this indicated that Galbreath considered the players capable of doing much better and possibly thought the manager should be able to get more from them.

HAMEY MAY BE in more jeopardy than Meyer because he was strictly a McKinney choice when the original combine of McKinney, Galbreath, Tom Johnson and Bing Crosby took over about 90 percent of the Pirates stock in 1946.

When he announced sale of his share of stock to Galbreath and Johnson, McKinney said his business commitments in Indianapolis prevented him from operating the ball club properly. Yet Hamey, supposedly, was hired to run the club. So why should McKinney feel that he was needed in Pittsburgh?

Although the shaky status of Meyer and Hamey may be entirely conjectural, there does seem to be solid indication that Galbreath will be a harder man to fool in the trading market than McKinney.

He has handled real estate deals which involved millions of dollars in many of the nation's large cities. Galbreath also promised newsmen that he will divide his time equitably between Pittsburgh and Columbus, with a few stops at other cities.

He intends to rent an apartment in downtown Pittsburgh near the site where U. S. Steel is building a skyscraper, which his firm will manage.

Johnson, who became secretary and treasurer as the result of the stock transfer, is a regular fan and seldom misses Pittsburgh home games. He certainly will participate more actively in the day-to-day management of the Bucs.

What apparently attracted Galbreath was the obvious fact that the Pittsburgh ball club is a gold mine if it is properly managed.

THE PIRATES are leading the league in home attendance with a last-place club, and it has been said often and monotonously that a pennant winner would necessitate enlarging Forbes Field.

Whatever happens to Pirate personnel, it should be worth sitting in when sharp-trading Branch Rickey, whose Brooklyn club swapped the Pirates silly during the McKinney regime, confers with the equally astute Galbreath about some possible player deals next Fall.

First Round Matches Of Local Golf Tournament About Complete

All but seven matches in the lower flights of the first round in the Pickaway County Club golf championship tournament have been completed as of Thursday.

First round matches in the championship and third flights of the tourney have been completed, while two contestants have advanced into the quarter finals of their flights.

Surviving in the championship flight after the first round are John Woods, winner of the 1949 club title, and Vernon Blankenship, Dave Evans, Steve Brudzinski, John Jenkins, 1948

Usually the field manager or general manager is first to go.

In the case of the last-place

Pirates, Bill Meyer has a guarantee that his seasonal occupa-

tion will not be severed and so does General Manager Roy Hamey.

But it will not be a surprise at all if both are looking for new positions next Fall.

Bucky Walters Is Coming Back

CHICAGO, July 20 — Bucky Walters is coming back to baseball at 40 years of age.

The one-time pitching hero of the Cincinnati Reds gave up his coaching position with the Boston Braves yesterday and was placed on the club's active play-er list.

Walters needs only two more pitching triumphs to attain the coveted "200 circle." He has not pitched since 1948.

Manager Billy Southworth said Walters will be used as a relief pitcher and later as a starter. He insisted that the move was not just a stunt to enable Walters to win two more games.

Lad Is Ready For Golf Now

TOLEDO, July 20 — Danny Donnelly, 15-year-old Toledo golfer whose home course has been a cemetery near his home, feels he's ready to play his game over a regulation course from now on.

He stepped on the Ottawa Park course yesterday for the first time. At the 140-yard eighth hole he arches his ball off the tee and it landed on the green and rolled into the cup for a hole in one.

Danny thinks he's through with practicing shots into the chuck holes of the cemetery.

Fair Acres Trot Is Postponed

CHICAGO, July 20 — The \$5,000 Hayes Fair Acres Trot, postponed last night because of rain, will be held tonight at Chicago's Sportsman's Park.

The postponement was the second in three nights at the south side harness racing track.

French Boxer Wins Easly

MONTREAL, July 20 — France's Laurent Dauthuille kayoed Costa Rica's Tuzo Portugez in 1:08 of the third round last night of a ten-round middleweight return bout.

A crowd of 15,000 fans saw the Frenchman increase his chances for a crack at Jake LaMotta's 160-pound crown with his second victory over the rugged Portugez.

The last time the pair met, Dauthuille won a six-round TKO. Dauthuille weighed 158 pounds. Portugez scaled 162.

champion, Charles Saxton, Bob Friece and Bob Moon.

First round matches to be completed in the tourney are J. P. Moore vs. Jack Leroy in the first flight; Virgil Cross vs. John Mader in the second flight; Jim Carpenter vs. Dick Clifton; John Evans vs. Miller Fissell; Harold Moats vs. Gene Richardson and Charles Gilmore vs. Ed Grigg in the fourth flight; and Ted Steele vs. Willard Timmons in the fifth flight.

Dr. Walter Heine has advanced into the quarter-finals of the first flight with a second round win 6-5 over F. O. Patrick, while Harold Hott has made the same step in the second flight with a 1-up victory over Elmon Richards.

Second round contests in the tournament are to be completed before next Thursday. Complete list of second round pairings as known to date, listed by flights, follow:

Championship Flight
J. Woods vs. V. Blankenship; Dave Evans vs. S. Brudzinski; J. Jenkins vs. Chas. Saxton; Bob Friece vs. Bob Moon.

Second Flight
A. Lump vs. Paul Shafer; Dave Kern vs. Jack Stout.

Third Flight
K. Herrmann vs. Geo. Fickardt; N. L. Cochran vs. S. Mader.

Fourth Flight
Ray Friend vs. J. W. Campbell; Dr. C. G. Stewart vs. H. J. Foster; Harry Diehl vs. Geo. Speakman; Bill Steele vs. Dick Miller.

Fifth Flight
Dud Carpenter vs. Fred Hawkes.

Sixth Flight
Geo. Fishpaw vs. Bob Kibler; Henry Reid vs. F. C. Leroy.

Star's Pride May Win Next Hambletonian

SARATOGA SPRINGS, July 20 — Star's Pride stamped himself as the definite pre-race favorite for next month's \$85,000 Hambletonian by winning the \$10,000 Runnymede Trot at Saratoga Raceway last night.

It was the third straight major stakes victory for the son of Worthy Boy who negotiated the mile in 2:04 2-5, fastest of the season for 3-year-old trotters over a half mile track.

Tucked in the two-hole most of the way, Star's Pride came on in the stretch to overtake the faltering pacemaker, Lusty Song. The winner is owned by E. Roland Harriman of Goshen, N. Y., and Lawrence B. Shepard of Hanover, Pa.

Lusty Song, Winter book choice for the Hambletonian, took the lead at the quarter and held it until Driver Johnny Simpson brought Star's Pride into contention an eighth of a mile from home.

Florican, Star's Pride's stablemate, came on fast after a bad break at the start to snatch the place away from Lusty Song. The winning margin was a half length with Lusty Song a head back of Florican.

Waldon's Toss Wins Contest

Aaron Waldon won first place in a medicine ball tossing contest Wednesday in the Ted Lewis Park Summer playground program.

Waldon's winning heave measured 35 feet, four inches. Booby prize for the match was awarded to Vernon Martin. Both lads were treated to ice cream.

Activities for Thursday in the park consisted of baseball, free play activities, leathercraft classes and a parchesi tournament for boys and girls.

Club Prexy Fires Self, He Claims

Improvement Seen For Pirate Crew

PITTSBURGH, July 20 — Frank McKinney's withdrawal from the Pittsburgh baseball club is one of the rare examples of a club president firing himself when the team went sour.

Usually the field manager or general manager is first to go. In the case of the last-place Pirates, Bill Meyer has a guarantee that his seasonal occupation will not be severed and so does General Manager Roy Hamey.

But it will not be a surprise at all if both are looking for new positions next Fall.

John Galbreath, the Columbus real estate entrepreneur who became president upon McKinney's resignation, said he "didn't think the ball club was as bad as it has looked."

Some newsmen felt this indicated that Galbreath considered the players capable of doing much better and possibly thought the manager should be able to get more from them.

HAMEY MAY BE in more jeopardy than Meyer because he was strictly a McKinney choice when the original combine of McKinney, Galbreath, Tom Johnson and Bing Crosby took over about 90 percent of the Pirates stock in 1946.

When he announced sale of his share of stock to Galbreath and Johnson, McKinney said his business commitments in Indianapolis prevented him from operating the ball club properly. Yet Hamey, supposedly, was hired to run the club. So why should McKinney feel that he was needed in Pittsburgh?

Although the shaky status of Meyer and Hamey may be entirely conjectural, there does seem to be solid indication that Galbreath will be a harder man to fool in the trading market than McKinney.

He has handled real estate deals which involved millions of dollars in many of the nation's large cities. Galbreath also promised newsmen that he will divide his time equitably between Pittsburgh and Columbus, with a few stops at other cities.

He intends to rent an apartment in downtown Pittsburgh near the site where U. S. Steel is building a skyscraper, which his firm will manage.

Johnson, who became secretary and treasurer as the result of the stock transfer, is a regular fan and seldom misses Pittsburgh home games. He certainly will participate more actively in the day-to-day management of the Bucs.

What apparently attracted Galbreath was the obvious fact that the Pittsburgh ball club is a gold mine if it is properly managed.

THE PIRATES are leading the league in home attendance with a last-place club, and it has been said often and monotonously that a pennant winner would necessitate enlarging Forbes Field.

Whatever happens to Pirate personnel, it should be worth sitting in when sharp-trading Branch Rickey, whose Brooklyn club swapped the Pirates silly during the McKinney regime, confers with the equally astute Galbreath about some possible player deals next Fall.

Fair Acres Trot Is Postponed

CHICAGO, July 20—The \$5,000 Hayes Fair Acres Trot, postponed last night because of rain, will be held tonight at Chicago's Sportsman's Park.

The postponement was the second in three nights at the south side harness racing track.

First Round Matches Of Local Golf Tournament About Complete

All but seven matches in the lower flights of the first round in the Pickaway County Club golf championship tournament have been completed as of Thursday.

First round matches in the championship and third flights of the tourney have been completed, while two contestants have advanced into the quarter finals of their flights.

Surviving in the championship flight after the first round are John Woods, winner of the 1949 club title, and Vernon Blankenship, Dave Evans, Steve Brudzinski, John Jenkins, 1948

Leach, Olney Off For Jaycee Golf Tourney

Abner Leach and Don Olney left Circleville at 10:30 a. m. Thursday to participate in the Ohio Jaycee amateur golf tournament Friday in Norwood.

Leach, known locally as the "young Sam Snead," earned a berth in the state tournament July 10 by winning an elimination contest at Pickaway County Club.

The young golfer slammed out an eight-over-par 152 for his 36-hole championship, topping a field of 23 other entries in the match.

Olney, runnerup in the tourney, blasted out 160 for his 36 holes to earn a berth to the state Jaycee junior tournament.

The two young golf stars were accompanied to the Norwood course near Cincinnati by Henry Reid and Bob Brehmer Jr., both past presidents of the Circleville Junior Chamber of Commerce.

Olney and Leach will register on the campus of Xavier university Thursday afternoon and will make a practice round of the course.

PRE-TOURNAMENT banquet and entertainment is planned for the youngsters Thursday evening, and the actual tournament will begin at 7:30 a. m. Friday.

First 18 holes of the 36-hole medalist contest will be completed noon Friday, while the youngsters will tee off at 1 p. m. for the second round.

"Big name" golf professionals are scheduled to speak during a trophy dinner Friday evening following the announcement of the winner of the state amateur cup. The boys are to return to Circleville Saturday.

Bucky Walters Is Coming Back

CHICAGO, July 20—Bucky Walters is coming back to baseball at 40 years of age.

The one-time pitching hero of the Cincinnati Reds gave up his coaching position with the Boston Braves yesterday and was placed on the club's active player list.

Walters needs only two more pitching triumphs to attain the coveted "200 circle." He has not pitched since 1948.

Manager Billy Southworth said Walters will be used as a relief pitcher and later as a starter. He insisted that the move was not just a stunt to enable Walters to win two more games.

Lad Is Ready For Golf Now

TOLEDO, July 20—Danny Donnelly, 15-year-old Toledo golfer whose home course has been a cemetery, near his home, feels he's ready to play his game over a regulation course from now on.

He stepped on the Ottawa Park course yesterday for the first time. At the 140-yard eighth hole he arches his ball off the tee and it landed on the green and rolled into the cup for a hole in one.

Danny thinks he's through with practicing shots into the chuck holes of the cemetery.

French Boxer Wins Easily

MONTREAL, July 20—France's Laurent Dauthuille kayoed Costa Rica's Tuoz Portugez in 1:08 of the third round last night of a ten-round middle-weight return bout.

A crowd of 15,000 fans saw the Frenchman increase his chances for a crack at Jake LaMotta's 160-pound crown with his second victory over the rugged Portugez.

The last time the pair met, Dauthuille won a six-round TKO. Dauthuille weighed 158 pounds. Portugez scaled 162.

Program Is Set Up For Cracker Barrel Caravan Here

Saturday Evening Is Date

Hoover Report Being Boomed

As a part of the movement to alert all Americans to the need of efficiency and economy on national government the four-car Cracker Barrel Caravan, promoted by Citizens Committee for the Hoover Report, and sponsored by Circleville Junior Chamber of Commerce, has outlined the program for its stay in Circleville Saturday evening.

The Caravan, consisting of a traveling meeting platform in the form of a typical country store built on a 30-foot trailer truck and a travelling field office and station wagon will be met at the city limits by a police escort at 7:30 p.m., Saturday.

There it will be joined by the reception committee and local citizens who will participate in the program and will parade west on Main street to Scioto, north on Scioto street to Pinckney street, east on Pinckney to Court street and south on Court to Pickaway Courthouse, where the program will be presented at 8:30 p.m.

The Caravan will be welcomed by Mayor Thurman Miller and a proclamation will be read. Henry Reid will then welcome the caravan on behalf of the Circleville Jaycees.

At this point Len Stevens, master-of-ceremonies with the Caravan, will conduct the program featuring a short skit which will highlight the program.

THE SKIT WILL feature a typical country store scene with John Heiskell as storekeeper. Through the skit a veteran, housewife, labor man, farmer and businessman, all represented by local citizens, will present their views of the Hoover report, topped by the climax. Then the "Spirit of the Hoover Report," portrayed by Mrs. Eugene Richardson, will free Uncle Sam, portrayed by Charles Richards, of the "bands of red tape."

Specially prepared pamphlets will be distributed at the meeting urging the audience to take an active part in the "Reorganization Crusade." Members of the audience will also be provided with Crusade enlistment cards.

The Cracker Barrel Caravan left Independence Square, Philadelphia, May 2 on an extensive tour of the east. During the latter part of May it was in the Metropolitan New York area.

From there it headed up New England way and has proceeded through Pennsylvania to Ohio. This week it will be seen in Columbus, Lancaster and Circleville. It will visit Chillicothe Monday.

Ag Department Totes Up Fines

WASHINGTON, July 20—The Agriculture Department reports that violations of the perishable agricultural commodities act have resulted in fines of more than \$11 million since 1930.

The department says that more than 26,000 licenses under the act were in effect as of last June 30. This act requires the licensing of all dealers, commission merchants and brokers handling fresh or frozen fruits and vegetables in interstate commerce.

Transit Firm Asks Injunction

COLUMBUS, July 20—The Columbus Transit Co. has asked the federal court for an injunction to stop the Capital City from enforcing a June 19 ordinance calling for interim bus fares of eight cents cash, or seven tickets for 50 cents.

The company claimed in its suit filed yesterday that the fares do not yield a fair rate of return on the value of its property and that the ordinance is unconstitutional.

The court has set no date for a hearing, but if the injunction is granted, the company could increase its fares until a permanent rate is set.

Picket Line

Assault Claimed

LORAIN, July 20—Marshall Dettorre, 45, chairman of the striking AFL-Lorain Typographical Union, will be arraigned in municipal court today on a charge of assault and battery.

Dettorre, who is leading his local's strike against the Lorain Journal, was charged with hitting a woman printer last week with a picket sign.

The warrant was sworn out by Dorothy Reynolds, a nonunion printer who said Dettorre struck her on the head with his sign as she was crossing the picket line on her way to work last Saturday.

Most of the naval workers will be used at the big Hunters Point and Mare Island yards, currently engaged in "high priority" work getting laid up ships ready

\$100,000 Asked To Build Port Work In Frisco

SAN FRANCISCO, July 20—Mayor Elmer E. Robinson has asked the San Francisco board of supervisors to appropriate \$100,000 for the use of the San Francisco Disaster Council and Corps if necessary.

His action yesterday was illustrative of the speed with which the West Coast is moving to put itself on a war footing and hasten the flow of men and materiel to Korea.

The Army, 24 hours after requesting them, took over Monday two of the port of Oakland's terminals, consisting of 10 wharves, and was given immediate control of the port facilities which adjoin the Oakland Army base and the Oakland naval supply depot. When all arrangements are completed the Army will have approximately half of Oakland's port facilities.

The Navy, meanwhile, said it has been authorized to hire 2,000 additional workers for its bases in the San Francisco bay area. Calls also went out for 570 skilled workers for a 48-hour work week at the Alameda naval air station. The Sixth Army also is recalling about 400 civilian employees to meet the rapidly increasing work load.

Most of the naval workers will be used at the big Hunters Point and Mare Island yards, currently engaged in "high priority" work getting laid up ships ready

Cafe Owner Shares Reward

CINCINNATI, July 20—Cincinnati Cafe Owner George Dick is planning today what he will do with his \$250 share of a \$500 reward offered for the arrest and conviction of slayers of Cab Driver James Case.

Common Pleas Court Judge George E. Kearns ruled yesterday that the reward should be split equally between Dick and Detectives Leroy K. Lemon and Melvin D. Kennedy. The officers' share will go into the police pension fund.

Twenty-year-old Asbell "Buster" Adams died in the electric chair for his part in the Jan. 24, 1948, six-dollar robbery slaying, and Charles Sparks, 23, died in the penitentiary of tuberculosis after his first degree murder conviction.

to take the sea in support of the Seventh Fleet in the Far East.

Flies, mosquitoes, gnats, light bugs and many other flying insects are now knocked down immediately and killed within a few minutes. The job is done by the new wonder product CENOX. Cenox kills a wider range of insects than DDT, but when used as directed is not harmful to man or warm blooded animals. It is a residual spray which means that it keeps on killing insects long after the first spraying is done. Be sure to insist on Cenox, sold at your local Drug Store, that is the way to play safe. Cenox is made by Cenol Company only, manufacturers of Tensite for crawling insects.
